fender jazz bass

*May 19th, 2020 - the fender jazz bass or j bass is the second model of electric bass created by leo fender it is distinct from the precision bass in that its tone is brighter and richer in the midrange and treble with less emphasis on the fundamental frequency the body shape is also different from the precision bass in that the precision bass has a symmetrical lower bout on the body designed after the "**the bass book non study reference titles bassbooks***
